AUSPAC - NPDL Tahiti Dry Docking and replacement with Capitaine Kupe

Dear Valued Customer,

Please be informed that due to our vessel dry docking programme, the NPDL Tahiti will be replaced by the Capitaine Kupe for two voyages in the AUSPAC service.

The NPDL Tahiti Voy 2502 will be her last voyage and she will complete her normal rotation up to Suva. Thereafter she will proceed to China for her dry dock. All onward cargo onboard will be discharged in Suva and connect to the Capitaine Kupe.

The Capitaine Kupe Voy 2502S joins the AUSPAC service in Suva and will pick up any transhipments there (from the NPDL Tahiti) as well as all Fiji exports to Australia. The Capitaine Kupe has just completed her dry dock and will proceed directly from China to Fiji to carry out the above.
