NZPAC Service – Return of Capitaine Tupaia and phase-in schedule

Dear Valued Customer,

Following our earlier communication in July, we are pleased to announce the return of the Capitaine Tupaia to our NZPAC service. The service will now return to its normal 21-day rotation with weekly Apia port calls and fortnightly Pago Pago and Nuku'alofa port calls.

To facilitate the smooth transition from our current two loop system to our regular NZPAC rotation, the phase-in process will be as follows:

- NPD L Tahiti 2629 will only perform a northbound rotation to Lautoka and then phase out of the NZPAC service to return to the AUSPAC service. All cargo for onward connections will be discharged in Suva.
- Capitaine Tupaia 2629S will phase into NZPAC in Lautoka on 28 August and perform a shortened southbound rotation of Lautoka – Suva – Pago Pago – Tauranga, to meet her berth window.
- Neptune Matua 2630S will omit Pago Pago and only call Apia and Nuku'alofa.
- All Pago Pago destined cargo from the Neptune Matua 2630 and NPD L Tahiti 2629 will be transferred to the Capitaine Tupaia 2629S in Suva.

The updated voyage schedules will be reflected in our next schedule publications and are as follows:

*Please note that NPD L Tahiti 2631 will be cancelled due to the phase-out process, but this will not have an impact on weekly sailings from New Zealand.

We recognise that the adjustments to our NZPAC and A USPAC services have resulted in schedule and cargo disruption over the recent months. Throughout this period, we have worked to keep customers informed as our schedules have evolved and appreciate your continued support and understanding as we transition back to our regular rotations.

Should you have any further questions or queries, please contact your dedicated PFL representative.

Sincerely,

PFL
