Adverse Weather Conditions impacting PFL Services

Dear Valued Customer,

We regret to advise of potential schedule delays across the PFL network due to adverse weather conditions currently affecting the Pacific region.

At this stage, the Capitaine Tasman 0502S has been directly impacted, with the vessel currently at berth in Pago Pago, and operations having been suspended until morning of 20-Feb.

We will closely monitor this situation and update our schedules as we get the latest from the respective ports.

We thank you for your continued support and should you have any questions, please contact your local PFL representative.

Sincerely,

PFL
