

15 June 2016

Dear Valued Customers,

Due to a high level of bookings on the Samoa's & Tonga trade and recent delays to the Southern Lily V382 southbound voyage back to Auckland, it has been decided that the Liloa V49 loading in Auckland on the 20th of June for Suva, Tarawa and Christmas Island, will also call Nuku'alofa after Auckland to help uplift some of the overflow cargo for this port.

The Southern Lily was involved in assisting with the rescue of the crew of the stricken yacht 'Platino', where two of the Platino's crew lost their lives. The three surviving crew members were successfully rescued and are on board the Southern Lily bound for Auckland.

We apologise for the inconvenience but trust you understand the reasons behind the deviation and consequential delay.

Please find our proposed schedule below.
