Vessel Swap for ESEA and NAT services

Dear Valued Customers,

We wish to advise that the *Shansi* has completed her dry docking and PFL will be planning to swap the *Shuntien* (ESEA) and *Shansi* (NAT) in early April in Tauranga. The affected voyages and respective New Zealand dates are reflected below and will be shown within PFL schedule this week.

Shuntien Port call	ETA
Auckland	17/4
Tauranga – Swap to NAT	18-21/4
Marsden Point	21-23/4

Shansi Port call	ETA
Auckland	4-6/4
Timaru	8-10/4
Bluff	10-11/4
Napier	13-14/4
Tauranga – Swap to ESEA	15-18/4
Marsden Point	18-20/4

We confirm the *Shansi* and *Shuntien* are sister vessels, with the Tauranga dates being ideal, we envisage the change being seamless to customers at this port.

Pacific Forum Line appreciates your continued support. For further information please do not hesitate to contact our customer service team nz.cs@pacificforumline.com
